WORK EXPERIENCE

Freelance and personal development
I have done several **APIs** and **web projects** (personal and freelance) with **NodeJS with JS and TS** for the backend and **Angular** or **EJS** for the frontend. Also, I have configured linux servers to host different types of services like webs or game servers in isolated Docker containers and configured **DNSs**, among other things

Research fellow UPM
Arce Award Foundation | July 2021 - December 2022

- Server configuration
- Web development and design
- Help with technology decisions

2nd ESO reinforcement monitor
PLAYEDU | February 2022 - June 2022

- Reading and speaking reinforcement activities
